FOR THE BEST BIRTHDAY EVER!

Dear Organizer,
Thank you so much for your considering Laser Skirmish for your event. At Laser Skirmish our motto is "ready, aim...fun!"

Here you will find all the info you need to choose us for your next event. With Laser Skirmish you can get real, get inventive, and get everyone talking about you for weeks after your event. We run army games for entertainment.

We have battlefields at Mt Crosby, Petrie, Mt Cotton and

Tamborine. (And an indoor venue for special private events at Windsor.)

When you arrive the 20–25 minutes is your mission briefing and kit up. This is where you choose your gaming gun, your team & you get your basic training. Then you head out to the battlefield. The games are really well designed, especially for primary school kids, and their Mums and Dads. So even if you "die" in the first 5 minutes you just go back to your start point and the referee re-starts you and you are back in

Gaming Fun!

Our gaming guns use infrared—just like a TV remote; but bigger! When you pull the trigger you get cool light and sound effects. Every gaming gun comes with integrated sensors so you can play either indoors or outdoors. Plus every one has either an authentic red dot or a telescopic scope. The gaming guns have ammo limits so when you run out, you'll need to press the left button once to re-load. It takes around 5 seconds to re-load. So watch out! You can be shot while re-loading.

the battle again!
 First we play a Base Assault – it is sort of like capture the flag, but you don't grab the flag & run away with it. Instead one team attacks the base and the other defends it. Then you return to the armoury for a quick drink and then swap around & give the other guys a go at defending or attacking.

The session is usually 2 hours. We recommend having the cake & opening presents after the games.
