## WHAT IS LASER SKIRMISH?

Laser Skirmish is like a live computer game. Laser Skirmish equipment is 100% portable, tough, weather-proof & can be used either indoors or outdoors. We use **infrared**, just like your TV remote. Players shoot an invisible & harmless beam & there's great light & sound effects when shooting & hitting.

Because there is no paint, no projectiles, it is safe and suitable for everyone. Plus there are no age limits.

Laser Skirmish is fun. Everyone enjoys the game. We cater for different fitness levels – anyone can play. Also everyone in your team participates the whole time.

# MISSION BRIEFING

End the Season on a HIGH

## CHOOSE YOUR WEAPON CARBINES TO SNIPER RIFLES...

We have a huge Laser Skirmish arsenal. Because our guns shoot so far (some more than 100m+) everyone has either a telescopic scope or red dot scope.

With more than 200 guns Laser Skirmish means HUGE BATTLES!

## HOW MANY PEOPLE DO WE NEED?

We have public sessions every weekend. We can cater groups small and large; call us to find out what we can do for you.

## READY, AIM... FUN!

We specialise in fun sports team celebrations with a military theme. Laser Skirmish you can get real, and get everyone talking about you for weeks after your event.

It is a cool photo opportunity, for your club newsletter!

Missions vary from shoot 'em up blat fests to more challenging scenario games such as fighting retreats, capture the base, or rescue the downed aviator. This means we have everything from beginners, intermediate and advanced games.
