LASER GAMES

What is Laser Skirmish?

Laser Skirmish is a new game for safe fun like a live computer game. Laser Skirmish equipment is 100% portable, tough, weather-proof & can be used either indoors or outdoors. We use infrared, just like your TV remote. Because there is no paint, no projectiles, it is safe and suitable for everyone. Players shoot an invisible & harmless beam & there's great light & sound effects when shooting & hit.

Laser Skirmish is **INCLUSIVE**. Both men & women, boys and girls enjoy the game. While many fete rides cater for younger kids, Laser Skirmish is also ideal for older primary and high school students.

Laser Skirmish is **VALUE**. As the organizer you don't have to worry about blowing your budget, we offer a fixed fee service. We can even work on a profit share basis, call us to find out more.

Sci-Fi theme is Ready, Aim Fun ...

With Laser Skirmish you can get real, get inventive and get everyone talking about you for weeks after your event. We have play famous fun games like "Capture the Flag" and "Death Match". Our attention to detail, event experience, and understanding of the importance of your group's needs makes us the best option.

Our phasers have great sci-fi sound effects. Imagine an outdoor (or indoor) maze with feature 9 foot high rockets, loads of beams, not to mention the half-moons and pyramids.
